

ACS3 Facelift (LCI)

AC[®]
SCHNITZER
beyond the standard.

AC Schnitzer presents new components and more power for the E90/E91 Facelift

For 33 years, the 3-series has been the sporting choice in the mid-range. Sufficient reason not just for BMW to refine the reliable performer with some effective modifications. So AC Schnitzer has upgraded the facelifted saloon and Touring models with new front spoiler elements for vehicles with and without M-Technik pack. By reducing lines, we have placed the emphasis on dynamics: instead of bulky curves, straight and slender forms are used. Together with the kidneys "lowered" by BMW, and the new contours of the bonnet, the overall impression is a far "faster" front end.

Performance upgrades:

for 318d	from 105 kW / 143 HP to 126 kW / 171 HP
for 320d	from 130 kW / 177 HP to 154 kW / 210 HP
for 325d	from 145 kW / 197 HP to 174 kW / 236 HP
for 330d/xd	from 180 kW / 245 HP to 210 kW / 286 HP
for 335d	from 210 kW / 286 HP to 228 kW / 310 HP
for 335i*	from 225 kW / 306 HP to 265 kW / 360 HP

(*incl. control unit program, Vmax cancellation, adaption instrument display, dual sports rear silencer)

Aerodynamics for cars without M-Technik

Slip differential (transfers 0 - 75%)

Exhaust: Sports rear silencer and dual sports rear silencer incl. chromed tail trims in "Racing" design

Brakes: 8-pistons high performance brake system, front axle (export version)

Suspension: Sports suspension, racing suspension (height adjustable), spring kit, special sway bar set (rear axle), aluminium strut braces (front and rear axle)

Wheel Tyre Sets: Light Alloy and Racing Wheels Type II, III, IV and VI from 8,5J x 17" - 10,0J x 20" in silver, black and BiColor

Aerodynamics: Front spoiler elements (cars with and without M-Technik), rear skirt, rear skirt insert (for cars with M-Technik), rear roof spoiler, rear spoiler (for sedan), sports mirrors

Steering: 3-spoke sports airbag steering wheel or "EVO", carbon steering wheel insert silver "Exclusiv"

Interior: Carbon interior, door panels, automatic gear knob silver "Exclusiv", adaption instrument display up to 320 km/h, aluminium gear knob (chromed or "Black Line"), leather gear knob (illuminated), aluminium gear knob with digital shift display, aluminium hand brake handle (chromed or "Black Line"), aluminium cover i-Drive ("Black Line"), aluminium pedals and foot rest (matt eloxed), velours floor mats
